Dear Peng Tatt,

I would like to thank you for conducting the Recharge, Rejuvenate & Refresh Workshop at our office on 2 October 2010.

My colleagues found the session very interesting and educational. We enjoyed ourselves especially when we took part in the team games. You made the whole workshop practically easy with simple steps which are basically DIY techniques. The tapping exercise is all it takes to start the day! We learnt to clear blockages in the meridians to maintain the wellness of our body is definitely a valuable knowledge that helps us to prevent from falling sick. Your handouts are equally fantastic with detailed illustrations and we find them very comprehensive.

You and your team did a marvelous job in this workshop and we all felt it was a great Saturday well spent educationally.

Yours Sincerely
